Dear Attorney General Nixon:

I am writing to follow up on my efforts to verify that the state is being fully reimbursed for your personal and political use of your taxpayer-funded vehicle.

The Office of Administration understands that there are travel logs that your office has not provided regarding your use of "State Car No. 6." I have read in the Kansas City Star that these logs which you have failed to provide my office show the "round trip" use of your state vehicle. I was shocked and extremely disappointed to learn this because on November 27 your campaign produced to me only a one-page "estimate" of your state vehicle use and did not include the information that appeared in the Kansas City Star.

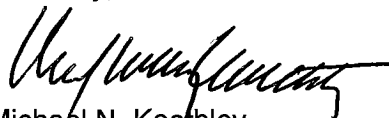

I would be interested in knowing why this information that is obviously relevant to our October 26, October 30, and November 27 requests was not provided. Obviously, these logs would be very useful to our effort to verify the proper reimbursement amount for the non-state use of this vehicle.

Accordingly, I am specifically asking that you promptly produce these logs, plus any others within your possession or control, that show the use of your official state vehicle.

Because State Auditor Montee has now indicated that she will be looking into the reimbursement issue as well, I am sending her a copy of this letter so she will be aware of the discrepancy for her investigation.

Since it is my understanding that you have already provided some of this information to others we are requesting it by Monday, December 10.

Sincerely,

Michael N. Keathley
Commissioner

CC: Auditor Susan Montee
